TRAVEL PATTERNS

in the New York Metropolitan Area

SECOND QUARTER (Q2) - 2009

Major River Crossings

Travel Patterns in the New York Metropolitan Area provides an overview of regional travel patterns at a glance. Data was collected from the agencies operating each facility. Regional travel patterns may change for a variety of reasons, including economic changes, service disruptions, construction, weather conditions or seasonal travel variations. More specific details may be available directly through the facility operator. This quarterly brochure was compiled by NYMTC, a regional council of governments that is the collaborative forum for transportation planning for New York City, Long Island and the lower Hudson Valley.
